

# What YOU made possible for PAWS Felines in 2019!

More than **220 cats** (including **83 kittens**) were cared for by PAWS in 2019. Over the last 5 years, PAWS has rescued nearly **1,400 felines**.

**151**  
cats were adopted to forever homes in 2019.

The PAWS **Humane Response Line** answered more than **12,500 messages last year**.

We help the community with pet-related questions, lost or found pets, rehoming pets, and more.

A core of **30 foster families** provided care for PAWS cats last year--and we always need more foster homes. The more we have, the more animals we can save.

## In 2019

**44%** of our cats came from people who needed to rehome their furry friends, often due to medical, financial, or housing issues

**36%** were strays or babies of strays

**20%** were from **local** organizations that were out of space

**90 volunteers** helped PAWS do everything from rescuing stray animals to bottle-feeding kittens to organizing fundraising events.  
**PAWS is run entirely by volunteers.**
